EXPERIENCE

Freelancer

📅 July 2022 – Ongoing   📍 Colombia, Bogota

- Revamped websites for over 20 clients, creating visually stunning and user-friendly interfaces that led to a 30 percent increase in average session duration and a 20 percent decrease in bounce rate.

- Use React components to improve load times for web applications by 30%.

- Review app usage using key metrics and troubleshoot issues to optimise performance.

- Collaborate with a 3-person development team to create new UI ideas.

- Started my YouTube channel "easyBeezy Coding" to teach beginners how to code using React JS.

- Participated with my team at the W3schools contest with our CRM project and won the first place.
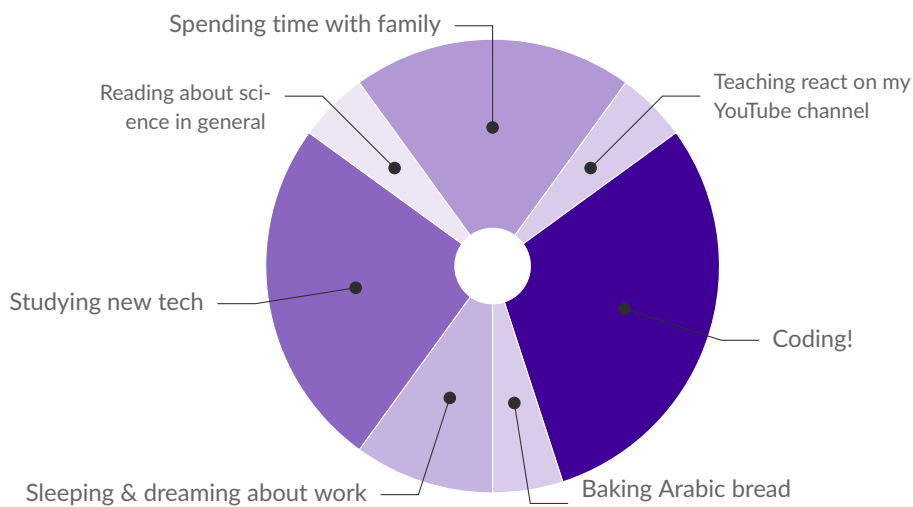

WORK EXPERIENCE

Front-end Developer, La Voz de Bogota Radio Station

📅 Bogota, Colombia

- Transformed La Voz de Bogota Radio Station's website into a modern and visually appealing platform using React JS.

- Collaborated with the development team to implement innovative features and enhance the user interface (UI) and user experience (UX).

- Improved website performance and responsiveness, resulting in increased user engagement and reduced bounce rate.

- Utilized React components and libraries to create interactive elements, improving interactivity and user interaction on the website.

- Conducted usability tests and gathered user feedback to iteratively enhance the website's design and functionality.

- Worked closely with the content team to seamlessly integrate audio and visual elements, creating a captivating multimedia experience.

- Employed modern web development best practices, including code optimization, responsive design, and cross-browser compatibility.

- Effectively communicated project progress, challenges, and solutions to stakeholders and team members.

A DAY OF MY LIFE

Spending time with family

Teaching react on my YouTube channel

Reading about science in general

Coding!

Studying new tech

Baking Arabic bread

Sleeping & dreaming about work
